Dani is looking forward to returning to the salon, but is she heading back just to prove a point to Sophie or is she really ready to cope with the demands of a busy salon?

Robbie and Owain enjoy taking full advantage of the fact that Mathew is struggling to cope with the demands of looking after the shop while Philip and Lowri are away on honeymoon, before fate plays a card and someone's plans could be in jeopardy

With Jason's loud music accompanying the village's activities, today is a challenging day for everyone. Sophie returns to the salon and ensures that she puts Trystan in his place, but a visit from Mair forces her to move with the times.

Over at the Iard, Iestyn is giving Kelvin a hard time, but an unexpected someone steps in to back him up.

Cai tries his best to cheer up Jason but fails, and by the end of the day it seems that Jason's mood has slipped even lower.
